

Safe, Reliable Operation in Corrosive Environments

The TopWorx™ DX Stainless Steel Indicator excels in demanding applications.

PRODUCT

Rugged, Reliable and Easy to Maintain

- The DX Stainless Steel Indicator, when paired with the DXS stainless steel enclosure, provides a complete stainless steel solution. It is also available with the DXP aluminum enclosure, eliminating all exposed plastic surfaces.
- Globally certified, the DX Series offers reliability and longevity in corrosive applications, including chemical and offshore.
- Users can retrofit the DX Series with the stainless steel indicator without opening the switchbox, simplifying maintenance.
